Water Valley High School, Water Valley, MS — Graduated May 2019

PROJECTS

Developed a website for a small business that sells antique items using basic HTML and CSS.

Developed a website for keeping all JavaScript components worked on in a collection using HTML, CSS, and JavaScript

EXPERIENCE

Base Camp Coding Academy - Procurement Team

August 2019 - Present

- A part of the team at Base Camp responsible for gathering supplies and coming up with sustainable methods for easily procuring the resources the facility needs.
- Manage financial expenses to see how much we spend on supplies and coming up with ways on how to spend less money while helping Base Camp run efficiently.

Mississippi Lions Club - Member

March 2017 - Present

- Contributed to the team by participating in multiple teams vs teams competitions and my team won a majority of the challenges.
- Learned to be competitive by helping the team win multiple competitions.

Tallahatchie Valley EPA - Representative

February 2018 - June 2018

- Attended leadership workshops to network with politicians from Mississippi as well as Washington D.C.
- Learned to take initiative in the group, by constantly being in group activities and solving the problems.
- Learned to think about and work with the greater collective to benefit everyone with constant team-building exercises.
